1. WELCOME AND INTRODUCTIONS

The meeting was called to order at 3:06 pm.

2. UPDATE BIKE/PED MAP

The committee reviewed all of the submitted projects for the Long Range Plan, using that list as a starting point for discussing the Bike/Ped plan map. Staff handed out the finalized list of regional bike/ped priorities; there was no further discussion on these.

Then staff handed out a worksheet for member review of what the current map shows and a list of potential items for the map to show. The current map shows future trails, on-street connections, sidewalks, Vision 20/20 trails – both future and complete, and connections to the city systems.

It is proposed that the new map contain at a minimum –

- All future trails as one line
- On-street connections
- The Link
- Sidewalks
- All completed trails
- Share the road signage

Additional items per committee suggestion include –

- Future sidewalks
- Trans-America Trail

OZARKS TRANSPORTATION ORGANIZATION

- Transit Shelters
- Bikability
- ADA hotspot/compliance needs (maybe ID, but don't put on map)
- School problem areas (maybe ID, but don't put on map)
- Destinations
- Disclaimer that the map is just a current representation of the projects and policies in the plan

3. OTHER BUSINESS

4. ADJOURN

The meeting was adjourned at 4:16 pm.
