Attachment: MTP Variance Request

The City of Ozark is requesting a variance to the OTO Major Thoroughfare Plan for Right-of-Way requirements along 3rd Street.

The public is invited to comment on a variance request for the Major Thoroughfare Plan (MTP). The MTP is part of *Transportation Plan 2040* and outlines functional classifications of roadways with design standards to achieve those functional classifications. The City of Ozark is requesting a variance for a development on the west side of 3rd Street just north of Walnut. This portion of 3rd Street is classified as a Primary Arterial, which requires 110 feet of ROW. The request is to limit the Right-of-Way required to 40 feet from centerline (as opposed to 55').
